TIS BUS

Welcome to the world of TIS Control, where innovation meets elegance. We are proud to present the SOL Series, a range of smart solutions designed to revolutionize your home. With its cutting-edge technology and impeccable design, SOL Series is here to transform your living space into an intelligent haven.

With our classical touch switches and royal frames options, the SOL Series offers a touch of sophistication to any home. The sleek and stylish design seamlessly integrates into your existing decor, adding a touch of elegance to every room. But it's not just about looks, the SOL Series puts the power of control at your fingertips. It's time to discover the power of control!

Looking for ways to illuminate your world? Then say goodbye to conventional lighting and welcome the future of illumination with our push-button 2 and 3 gang switches. The SOL Series allows you to effortlessly control your lighting, creating the perfect ambiance for any occasion. Whether it's a cozy movie night or a lively gathering with friends, our smart switches adapt to your needs, offering ultimate convenience and flexibility.

The SOL Series

doesn't stop at lighting control

It also includes electrical sockets that seamlessly integrate into your smart home system. With the ability to install various combinations of switches and sockets, the SOL Series empowers you to take charge of your home's energy efficiency and comfort and unleash the potential of smart home technology.

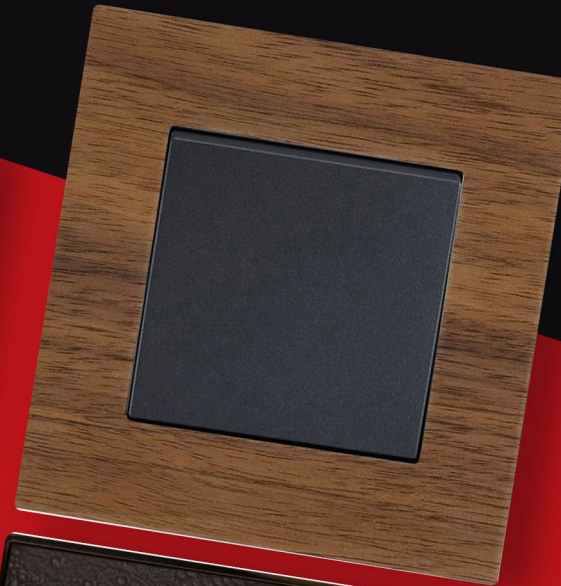

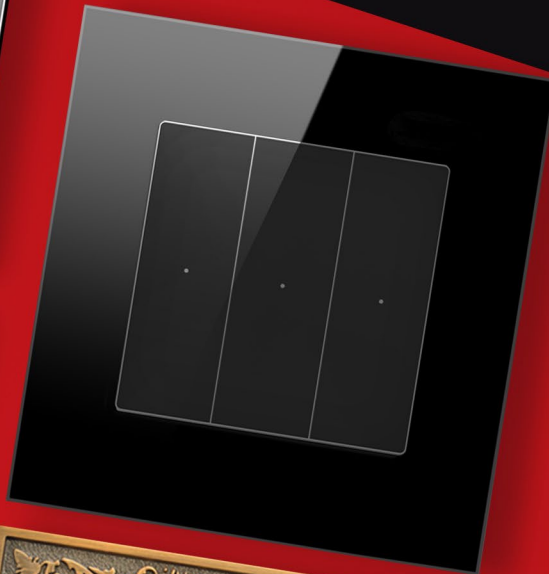

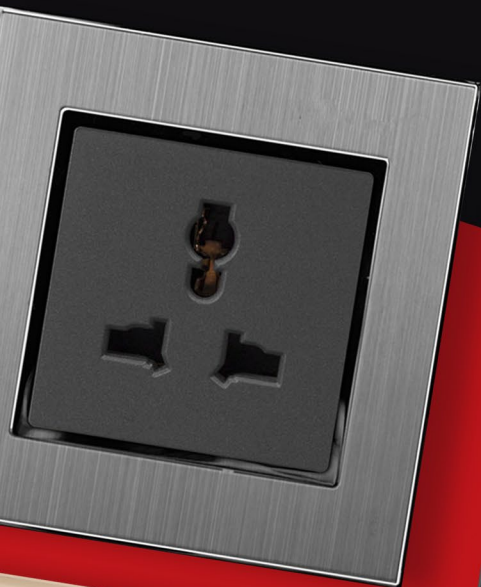

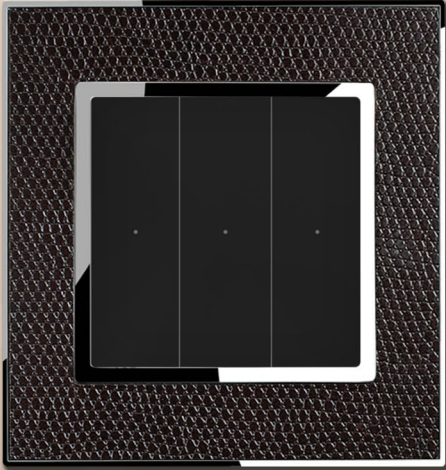

At TIS Control, we believe in the power of smart home solutions to make a positive impact on the world. With the SOL Series, you can take control of your energy consumption, reducing waste and lowering your carbon footprint. Experience the satisfaction of knowing that every time you dim the lights or adjust the temperature, you're contributing to a greener future.
